

Airl radio station serves the residents in my community and surrounding communities. The effect of removing Airl from my community would be devastating. My family and I listen to Airl in the car, at home, and even at work. Several of my friends and extended family also listen to Airl. Airl plays positive, uplifting, encouraging music all the time without compromising. I don't have to worry about my children hearing bad language or coarse joking with sexual undertones, or music that glorifies gangs, drugs, and partying. Please don't take away our right to finally have a music station like Airl as an alternative to secular radio. Thank you
